Big Data

Adrianna Holden-Gouveia
Website: `https://aholdengouveia.name`
in: aholdengouveia
: aholdengouveia

Objectives:

1. Students will gain a basic understanding of how to work through a problem using a larger dataset and some basic Machine Learning.

Complete the following

Go to Kaggle `https://www.kaggle.com/` and create a free account.

You will be going through the Titanic tutorial. `https://www.kaggle.com/code/alexisbcook/titanic-tutorial`

References, a video, a PowerPoint and some notes are available at my website `https://www.aholdengouveia.name/IntroData/bigdata.html`

Please include Answers to the following questions

1. What do you think of the tutorial?

2. How difficult did you find this activity?

3. Will you be trying another challenge on Kaggle? If yes, which one?

4. Were you able to improve on the given code?

5. What was your accuracy? (This might also show up as "score")

6. Do you have any ideas on how you could improve that?

Deliverables

A text document with the answers to the questions, and a screenshot of your submission onto the leaderboard.
